Motorcycle safety advice. Safety is paramount for motorcyclists because, unfortunately, we are vulnerable. Despite being only 1% of road users, motorcyclists make up 20% of road fatalities. But riding safely doesn't have to take out the fun of riding. Here we have gathered a number of expert tips and guides on how to ride more safely on your motorcycle: from filtering to road conditions and winter maintenance to reducing the stiff pains you might suffer after a long ride.

SCOTT AIR FORCE BASE, Ill. – The Scott Air Force Base Safety Office, with the support of the Scott Motorcycle Safety Foundation, hosted a Fall Mentorship Ride Oct. 9, which provides riders the opportunity to refresh their knowledge of motorcycle safety. Since 2017, the mentorship program has offered an avenue for learning proper motorcycle operating techniques to service members on Scott.

Motorcycle mentorship ride refreshes safety skills > Air ...

Course Description. In response to the continuing increase in the average age of motorcyclists (now 40 years of age), MSF has developed this course to help riders stay safe through all phases of their life. All riders should understand that safe riding depends as much on the mental skills of awareness and judgment as it does on the physical skill of maneuvering the machine; in other words, respond early to possible hazards instead of having to react instantly to an emergency.
